

FIRST CALLED TO COLORS

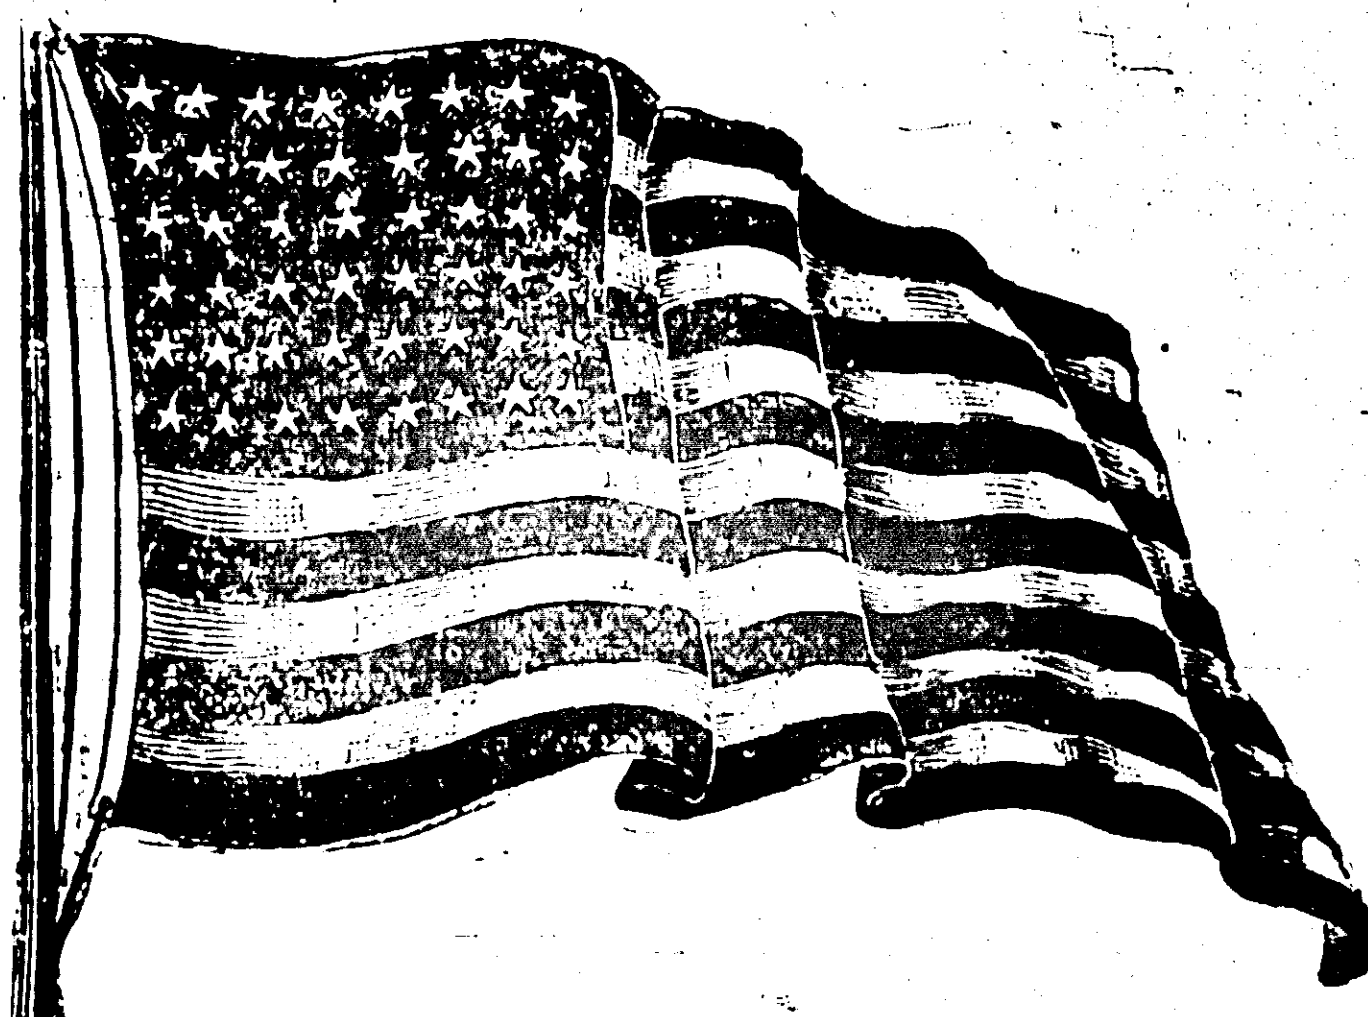

NAMES OF THOSE FROM HARRISON CO. IN BIG DRAFT

Late Change in the Plans of Selection Prevents Full List

In line with The Messenger's policy of supplying news while it is news, and of furnishing Marshall the very best paper that is possible, we began some weeks ago arranging to "cover" the Selective Draft story in the most complete manner possible. The Associated Press was instructed to send The Messenger numbers as fast as drawn, and as long as a Harrison County name was left in the hat.

To be ready to get this information on the streets in the shortest time possible, the Messenger force has worked at night this week, and Thursday afternoon and night the Sentinel machine was kept busy, that you might have the news quickly.

But for the change in plans at the last hour, you would have been reading the completed list for Harrison County now, instead of part of the list. We hope, however, to give the completed list in a late edition tonight, just as soon as it is received from Washington.

DRAWING LATE IN GETTING STARTED

Washington, July 20.—The selective drawing started at 9:48 this morning, in the Senate building. It is estimated that from ten to twelve hours will be consumed in the drawing of the ten thousand five hundred numbers.

DELAY DRAWING WHILE MOVING PICTURES MADE

Washington, July 20.—The drawing scheduled to start at 9:30 was delayed a few minutes while moving picture men and official photographers snapped the stage set for this momentous scene. Secretary Baker and Provost Marshal Crowder made statements and explained the proceedings.

The Messenger is now prepared to furnish RUBBER STAMPS on short notice.

KEY TO NUMBERS

The figure after each name, has reference to the voting precinct of the man named, thus designating between one or more men who might have the same name. The

figure 1 after a name shows that it is a man who registered in precinct 1, which is Elysian Fields. Figure 6 means precinct 6, which is ward 1, etc.

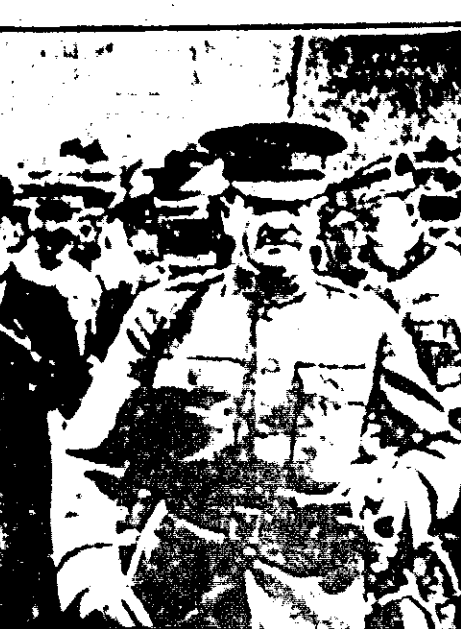

List Of Numbers and Names From Harrison County

The first number drawn, is 258, which is Ben Love, a negro on Route 7, Precinct 2.
The second is 458, which is Romie Davis Jr., colored, Jonesville.
The third is 1436, Charley Langley, postal clerk, Marshall.

Make Complete Change In Plans

Errors of Some Local Exemption Boards Given as Reason For This Late Arrangement.

Washington, July 20.—Because of errors in procedure of local boards, particularly in New Jersey, discovered late Thursday, Provost Marshal General Crowder abandoned the entire, elaborate plan for the war army drawing Friday as previously announced. A full drawing of numbers from 1 to between 10,000 and 11,000 will be made Friday instead. More than 10 hours will be required to complete the task.

The error discovered was the failure of the local boards involved to shuffle the registration cards from various registration precincts before they began placing on them the serial numbers required by the regulations. The result in these sections might have been, under the original plan, to take the entire quota of one of these districts from a single registration precinct.

Will Draw 10,500 Numbers. Provost Marshal General Crowder issued this statement:

"Advices received by long-distance

that in certain areas the boards, in numbering registration cards, have telephone Thursday afternoon indicated the cards segregated by election districts and that serial numbers have been assigned to the whole group for a board while the cards were thus segregated. If the drawing is conducted as originally planned, in groups of 1,000 the result will be that considerable proportions of certain election districts will be brought up for examination together.

"This will result in drafting persons from one locality within the jurisdiction of a board before any person is drawn from any other locality within the same jurisdiction.

"For this reason it has been decided to abandon the drawing by thousands and to draw 10,500 numbers, which is in excess of the highest number of cards under the jurisdiction of any board.

"The only change in the plan is that there will be one drawing instead of two.

"The advantage will be greater simplicity. The disadvantage will be that the drawing will require 10 hours to complete."

GERMANY READY FOR PEACE

By the Associated Press.

Copenhagen, July 20.—Chancellor Michaelis, addressing the Reichstag yesterday, said that Germany would not continue the war one day longer, if it could obtain

an honorable peace. The intervention of America, he said, was not regarded with serious concern.

The Reichstag adopted the majority peace resolution by a large majority.

WOODMEN CONVENTION SESSION IN ATLANTA

Sovereigns Have Glorious Time in Georgia City This Week.

Today, July 16, the convention has accepted the report of its lawn-committee. A systematic course is being used in this, and each section is revised as it comes.

It is expected that a change in the laws will be made some time this week to warrant the raising of a war fund to pay premiums for those of the members who are drafted into the army.

The report of the next convention committee is expected at tomorrow's session. Cleveland, Atlantic City, New York and Richmond, have announced that they are after the next convention and a warm fight is being carried on by all.

U. S. Senator Morris Sheppard of Texas, Sovereign Banker of the order wired the committee today that he would be unable to attend the convention.

The crowning social affair of the convention will be the banquet at East Lake, the country home of the Atlanta Athletic Club. The banquet is tendered by the Atlanta W. O. W. Camps to the Sovereign Officers and delegates to the convention. Cars will leave the Piedmont hotel at 7 p. m., sharp, Tuesday. Governor Dorey and Mayor Chandler will be honor guests of the occasion, and will respond to toasts. Other speakers will deliver addresses. After dinner is served on the broad veranda of the club house, the guests will be entertained for a while with a rendering of "Old Georgia" Plantation. Following the dinner, dancing, boating and swimming will be indulged in. Music will be furnished by the club orchestra.

RED CROSS NOTES

Lawn Fete Success.
The lawn fete, given by the ladies of St. Joseph Church, on the church lawn, Tuesday night, for the benefit of the Red Cross, was a splendid success socially and financially. The proceeds from the entertainment were \$112.25, which was presented to the local chapter today. Father Granger and the ladies of the church feel grateful to all who aided in the entertainment and appreciate the handsome patronage.

Ben Hur Contributes.
The Tribe of Ben Hur contributed \$25 to the local chapter of the Red Cross yesterday and promised more individual donations from the members in a few days.

More Workers Needed.
An appeal for more workers at the Red Cross workshop is again sent out by Chairman Dr. C. B. Sargent, who states that interest in the work seems to be falling. This week has been a "slacker" week at the shop, fewer people calling for work than for some time past, and an urgent request is again made for the ladies to tender their assistance. The shelves are full of unfinished material which can be taken home for work, and the need is greater at present than any other time. Mrs. Cook, in charge of the surgical department is anxious to have more old sheets, which can be used to great advantage, and she will gladly send a Boy Scout to collect them. Bring your old sheets, and arrange to spend tomorrow morning at the workshop—it may be for your own boy.

New Members.
The following new members have been added to the Red Cross honor roll: Murdoch Hunter, W. A. Steadman, Louis Davis, Asa Harrison, Ross Merriweather, F. R. Naylor, S. A. Bacon, Mrs. C. W. Schuman, Pot Stovall, Pat Linehan, Claud Culpepper, Mrs. M. J. Millard, Rev. W. A. Boone, Mrs. R. L. Miller, Mrs. W. C. Johnson, W. N. Kennedy and R. Johnson. \$1.10 was also received as the contribution from the aluminum utensil demonstration at the home of Mrs. Cuberly.

No Slackers Here.
Many corporations declared "Red Cross" dividends to help the American Red Cross, but the generosity of many of these corporations will have been in vain if the shareholders fail to give the dividends to the Red Cross. And such seems to be the case with a number of the corporations throughout the country who have up to the present time failed to present the money, after declaring the dividend. Marshall, however, cannot be classed with those slackers, for the three banks, Marshall National, First National, and Citizens State, each declared a Red Cross dividend of \$1,000, \$1,000 and \$125 respectively and promptly mailed their checks to the local chapter.

ANNOUNCEMENT.
I wish to announce that I have purchased the Allen Millinery Company, and from this date the firm will be known as the Posey Millinery Specialty Company. My intention is to offer to the public the best line of millinery, blouses, furs and ladies' notions that can be bought in eastern markets. Frequent visits to fashion centers will also enable me to make an authoritative showing of late modes exhibited in New York and Paris.

NOTICE.
I have sold my business known as the Allen Millinery Co., to Miss Zola Posey. Miss Posey already numbers her friends and customers by all who know her, and I ask for her a continuance of the splendid patronage always accorded me by the people who have long been my customers. All bills due the Allen Millinery Company may be paid to either Miss Posey or myself.

The Cause of Constipation.
Constipation is usually due to a lack of water in the excrement. To effect a cure you must take more water into the system. It may be months, however, before this has any appreciable effect on the bowels, but when percolated in and fruit and vegetables containing water are eaten freely, the condition may be overcome. In the meantime use the mildest laxative obtainable and (take only) enough to produce the desired effect. Chamberlain's Tablets are one of the best. They are easy to take and most agreeable in effect.

COLLEGE OF MARSHALL
SUMMER SCHOOL BUSY

"Preparedness" Comes to End This Week—Examinations Next Week.

The summer school at the College of Marshall is a busy place. The examinations which come next week are the cause of the activity this week.

The teachers conduct the devotional exercises in turn, bringing to each listener the truths that are essential to right living. A declamation Tuesday morning by John Taylor and one Wednesday by Miss Mary Saling were recent features in the chapel exercises.

Mr. Truett conducted the exercises Wednesday morning and music on the violin, ukelele, and piano was given by Misses Hera Robinson and Helen and Mary Saling. Dixon Goldberg led the first "raha" for the College of Marshall. The new pennants of gold and white are displayed. A maroon star representing Mars, the god of war, has been selected as the college emblem and is found on each pennant.

A reception to the students will be given to the local B. Y. P. U. in the spacious lobby of the college building on Friday night.

Dr. Watters has been quite busy on Sundays filling out-of-town pulpits. He spoke before the Normal at Grape land last Sunday. Last night he attended the camp meeting north of Hallville, where he spoke in the interest of the college. Last Sunday Messrs. Truett, Mallory and Bass represented the college there. Next Sunday afternoon, the last day of the meeting, there is to be a special college mass meeting.

The work of sending out bulletins has kept the college force busy. The college is preparing for a great opening and wants the public to know about it.

When you feel lazy, out of sorts and yawn a good deal in the daytime, you can charge it to a torpid liver which has allowed the system to get full of impurities. BUYING SUPPLIES IS A GREAT TASK

Quartermaster General Providing For a Million Men.

BUYS 343 DIFFERENT ITEMS

There Are Forty-nine Different Purchases on Ration List and Twenty-nine Articles of Clothing—Quality of Everything Is Tested by Experts and Must Come Up to Standard.

Supplies for a million men—a year's needs of everything from beef to shoestrings and from coats to candy—is a measure of the task which Quartermaster General Sharpe's office has in providing for America's new armies, says a war department statement.

Nearly 200,000 tons of fresh beef (307,326 pounds) is one item, and besides that there is canned corned and canned roast beef, totaling nearly 8,000,000 pounds more, without including the canned corned beef hash, also among the items.

All told 343 different items of supplies appear in the quartermaster general's list of rations for issue and sale of clothing and of equipment. The figures given here are on the basis of supplying soldiers located in the United States, so give no help in computing additional needs of this country resulting from military participation in the war.

Forty-nine items on Ration List. Regular rations of Uncle Sam's soldiers call for a list of forty-nine items. In it are over 20,000,000 pounds of coffee, four kinds of tea and over 25,000 gallons of cucumber pickles, over 300,000 cans of black pepper and cinnamon, cloves, ginger and nutmeg, totaling 572,000 cans; over 450,700,000 pounds of potatoes, over 55,200,000 pounds of onions, over 300,000,000 pounds of flour, besides hard bread, nearly 1,000,000 gallons of cane syrup, tomato and vanilla flavoring extracts, over 8,300,000 pounds of lard, and over 7,500,000 pounds of butter; canned and dried fish, canned vegetables, evaporated apples and peaches, etc.

The variety of fare possible in regular rations is increased by a list of items for sale to soldiers at cost. The sale list totals 135 items, largely foodstuffs, but including also shaving mugs, pencils, pens, shoe polish, letter paper (22,220 quires), 48,300 pipes, 22,220 razors, toilet articles (among which are 148,800 cans of talcum powder and 3,700 bottles of toilet water), 11,100 spools of thread, etc.

The foodstuffs in the sale list include canned mushrooms, a variety of canned fruits, vegetables, fish and meats, pickles, maple syrup, ginger ale, marmos, sausage, 303,000 pints of effervescent water, etc.

Twenty-nine Articles of Clothing. Regular articles of clothing are twenty-nine in number. These are figured on initial requirements and upkeep for the first nine months. Here are a few of the items: Belts, 2,000,000; coats, cotton, 2,400,000; coats, woolen, 1,270,000; service hats, 1,823,000; shoe laces, 7,200,000; overcoats, 1,675,000.

Equipment includes ninety articles. Among them are 130,500 axes, 3,450,000 blankets, 23,000 bugles, 1,000,000 coils, 1,442,250 tents of seven kinds, over 1,000,000 gross of buttons, 30,000,000 yards of cotton cloth, etc.

Estimating quantities needed is only a step in the task of supplying an army. Things must be bought—quality tested, contracts made, prices determined, delivery—and then come the problems of transportation, storage and distribution.

This shows a part of the country's great war work, on which thousands of people are daily working "to make the world safe for democracy."

GREAT CROPS PREDICTED.

Head of Reclamation Bureau Sees Records in All but Wheat.

C. J. Blanchard, chief statistician of the government's land reclamation bureau in Chicago, after making a tour of the west and surveying the prospect for this year's food output from reclamation of farms, said:

"We have a whale of a crop coming up out there—the greatest in the nation's history." Mr. Blanchard visited Colorado, New Mexico, Texas, Utah, Idaho, Nebraska and South Dakota. The one gloomy outlook is the lack of farm labor, he said. "The boys on the farms, imbued with that truly patriotic duty, have left the plows for the army and navy," he added.

"Many sons of farmers enlisted. What the government should do is to recruit an army of 500,000 for farm work and start at the harvest time in the south. Then as they complete their work and as the weather grows warmer up north move the army gradually to the northern states."

Statistics assembled by Mr. Blanchard show that last year's yield from reclamation farms represented a total value of \$33,000,000. At least \$4,000,000 will be added to the valuation this year, he believes. The gross return on acre last year was \$24, but this year, he says, it will be more than \$40. The increase of acreage will be 100,000 acres, he said.

WOMEN AT WORK ASHOOVER'S AIDES

New York Starts State Wide Food Propaganda.

ISSUE RULES OF ECONOMY

Serve Three Corn Bread Meals a Week, Eat More Fish, Save Canned Food and Fat, Keep a Wasteless Garbage Pail, They Counsel—Special Courses For Cooks.

A state wide campaign for the spreading of government food propaganda and the enlisting of women in the fight for the conservation of the food supply has been started by the National League For Women's Service of New York, following Mr. Hoover's announcement of his plans for the mobilizing of the housewives of the country.

As the first step in this campaign the league, supplementing the general rules of economy issued by Mr. Hoover, has adopted a more definite set of rules, which the women are pledging themselves to observe. Through the home economics departments in its branches throughout the state the women are being given short courses in "war" cooking that are designed especially to teach them what and how to cook for the aid of the government.

The rules of economy which they are pledging themselves to observe are as follows:

First.—To serve three corn bread meals a week.

Second.—To eat more fish and poultry and less meat.

Third.—To save the canned food; it is needed for the army.

Fourth.—To give more study and application to the government's food problem.

Fifth.—To save the fats, but at the same time keep a balanced menu.

Sixth.—To keep a wasteless garbage pail.

Seventh.—Not to carry enthusiasm and patriotism to an impractical degree.

Team of Forty at Work. In New York city a team of forty prominent women has been formed by Mrs. Irving Brock, chairman of the home economics department, to direct the food campaign, and nearly 1,000 women already have been lined up to aid Mr. Hoover. Each one of the women is the captain of a team, and she has pledged herself to enlist about twenty others in the fight to keep the world from the nation's door. The campaign by team is being organized similarly all over the state.

The women all have taken the course in war cooking arranged by the league. From the beginning of the discussion of the food shortage problem Mrs. Brock has considered it most important for the women who wish to economize that they attend a cooking school and prepare to conduct their households on an absolutely business basis.

"Before she starts her economies the housewife should know where and how to begin so that she will not proceed about her economizing unwisely," said Mrs. Brock. "While saving the food supply she can do a whole lot of harm to her family and get absolutely no aid to the government if she has no knowledge of food values. Every woman who comes out of the league's cooking schools knows just what foods the government lacks and what to substitute without damage to the diet of her family."

"Because our women have adopted war menus that does not mean they cannot serve just as appetizing and attractive meals as formerly. This is one of the things they are taught at the cooking schools. For the average housewife I think that the saving of fats will be her most difficult problem, and I want to warn her that fats are very necessary to the individual and that substitutes for them are few. For the protection of her family she must study such things before she rushes blindly to the aid of her country."

As a further help the league is planning to give a special cooking course for cooks where they can be brought into closer touch with the food conditions.

HIGH STANDARD IS SET.

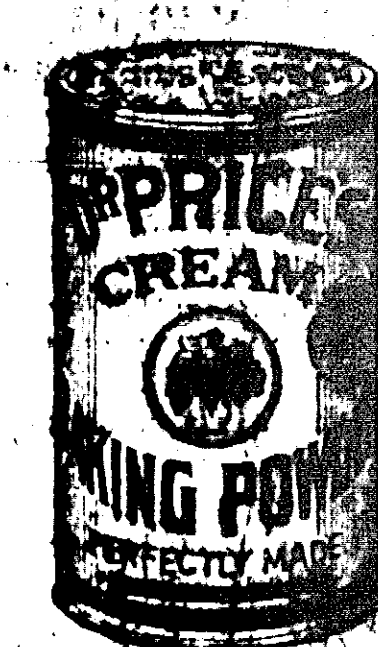

Only Twenty-four Out of 192 Applicants Accepted by Marine Corps. Why so many men are rejected for military service is partially explained by the weekly report of Recruiting Officer Sergeant G. C. Wright, compiled after the recent drive for recruits in the United States marine corps.

Out of 192 applications for enlistment during the week only twenty-four were accepted. Others were rejected for the following causes: Under age, thirty-one; under weight, thirty; defective vision, twenty-six; defective hearing, four; flat feet, sixteen. Sixty-one others were rejected as "undesirable" through failure to meet the exacting mental, moral and physical requirements.

The standard of the "soldiers of the sea" is very high, though certain modifications may be put into effect later should it be necessary to follow the precedent of the countries that have been draining their man power for three years. Sergeant Wright says that at present 12 per cent is about the average of acceptances throughout the country.

in Using

Dr. PRICE'S CREAM BAKING POWDER

Saves eggs and produces food just as appetizing and delicious at lower cost. The usual number of eggs may be reduced one-half or more in most recipes and often left out altogether by adding a small quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.

Try the following recipes and see how well this plan works. You must use Dr. Price's Cream Baking Powder to obtain the best results.

EGGLESS MUFFINS

2 cups flour
4 teaspoons Dr. Price's Baking Powder
1 1/2 cups milk
1 tablespoon sugar
No eggs

DIRECTIONS: Mix all dry ingredients, add milk and sugar, stir thoroughly. Bake in greased muffin tin in hot oven 30 to 35 minutes.

(The old method called for 2 eggs)

CORN BREAD

1 1/2 cups corn meal
1 cup flour
1 1/2 cups milk
1 1/2 cups sugar
1 1/2 cups Dr. Price's Baking Powder
No eggs

DIRECTIONS: Mix all dry ingredients, add milk and sugar, stir thoroughly. Bake in greased corn bread pan in hot oven 30 to 35 minutes.

(The old method called for 2 eggs)

CUT DELIVERIES OF MERCHANDISE

MARSHALL MERCHANTS WILL
FOLLOW LEAD OF NATIONAL
ASSOCIATION.

Patrons Asked To Cooperate With
Merchants in Economizing For
Sake of Our Country.

Joe Hirsch, manager of Joe Weisman & Company, has received from the war advisory committee of the National Retail Dry Goods Association, which is cooperating with the Commercial Economy Board, copies of a set of resolutions adopted at a special meeting of the association held July 11 at Washington, D. C.

These resolutions will be used as a pattern for the Marshall Merchants' Association and are published for the purpose of acquainting customers of retail stores here with the practice which is to be inaugurated in practically every city in the United States as part of the war-saving of the country. The resolutions follow:

Resolution I: Resolved, That it is the sense of this meeting that the retail merchants of the United States lend their hearty and active cooperation to the commercial economy board of the Council of National Defense toward bringing about reforms which would result in releasing both men and capital as they may be needed by the United States government for the defense of the nation during the war, and further,

Be It Resolved, That the recommendations made at this meeting be transmitted to all local organizations in the different cities with instructions to use their utmost efforts with a full spirit of cooperation to put these necessary recommendations into effect, and further,

Be It Resolved, That in such communities where no such organization exists, a distinct effort be made to bring about cooperation in the work of this board.

Resolution II. Upon motion of Mr. Oscar Webber of the J. L. Hudson Company, Detroit, Mich., it was voted that this organization go on record as approving the immediate reduction in the number of package deliveries to two a day in all cities of the United States, with the exception of Christmas and during periods of stress, and

Resolved, further, That the package deliveries be reduced to one a day in all cities and towns where it is possible, and will work out economies in men and capital.

Resolution III. Resolved, That this board go on record as approving a charge for special deliveries. A special delivery to be defined as a parcel ordered sent by a special messenger by a customer who is unwilling to wait for the regular delivery, but not including, however, so-called special cases caused through the operation of a store's alteration department, and also special cases caused by errors of store's employees. The amount of the charge to be decided by the local retail stores or organizations, and based on the exact or approximate average cost of handling.

Resolution IV. Resolved, That in compliance with the request of the government as expressed by the commercial economy board, this committee

MARRIAGES

Jenkins-Lively.

This afternoon at 2 o'clock, at the home of the bride's parents, Dr. and Mrs. J. W. Lively, Mr. James Wiley Jenkins of Shreveport, and Miss Vernon Lively were united in marriage, Dr. J. W. Lively, father of the bride, officiating. Only a few relatives and close friends witnessed the ceremony.

Miss Lively is a charming, versatile and accomplished young lady and a general favorite in society circles. The happy event takes her from Marshall, where her place will be hard to fill in church and society, and Shreveport, her future home, is to be congratulated on the acquisition of such a charming lady, whose diverse talent is a never-ending source of pleasure to her friends.

Mr. Jenkins is an excellent young business man, of a highly respected family, and enjoys an enterprising wholesale shoe business in Shreveport.

The happy couple left immediately after the ceremony, in an automobile, for Shreveport, where at 6 o'clock they take the train for New Orleans. There they will board a steamer for a visit in Boston, New York, Philadelphia, Washington, and other points. They will be at home in Shreveport after August 15. They carried with them the best wishes of their many friends.

Go on record as favoring the immediate adoption in every city and town in the United States of stringent rules to regulate the return of merchandise.

1.—Non-Returnable Articles.
The following articles for legal, sanitary or other reasons, can not be accepted for return:

(a) Bedding and mattresses.
(b) Garments that have been altered for the purchaser.
(c) Shoes which have been altered.
(d) Combs, hair brushes and tooth brushes.

(f) Rubber goods sundries.
(g) Women's hats which have been made specially to the customer's order, or which have been worn.
(h) All goods cut from the piece at the request of the customer.

(i) All merchandise which has been made to order or specially ordered, and which is not regularly carried in stock.

2.—Returnable Goods.
Any article of merchandise which, for some good reason, is to be returned to a store, must be returned within a reasonable time—two business days.

3.—Condition-Sales Checks.

(a) No article will be accepted for return unless it is in its original condition.

(b) No merchandise of any kind which has been used will be accepted for return.

(c) The sales check must accompany all returned merchandise.

4.—Gifts.

(a) Gifts of all kinds (Christmas, wedding, birthday, etc.) if returned will be accepted only in exchange for other merchandise, and will not be credited on the account of the person receiving the gift.

(b) Gifts may be returned for exchange at current prices only.

5.—Unjust Demands.

The names of all customers who continually make unjust claims upon the merchants, or who return C. O. D. merchandise, will be reported to a central clearing house. Such information will eventually become part of the credit information supplied every merchant.

6.—Deposits On "Will Call" Purchases.

A deposit of not less than 25 per cent of the purchase price will be required on all "will call" purchases.

Doing hard work in a bent or stooping position puts a kink in the back that is painful. If the muscles have become strained, you can't get rid of it without help. AMERICAN TROOPS TRAIN IN FRANCE

CORRESPONDENT FINDS MEN IN
GOOD SPIRITS AND ENJOY-
ING NEW LIFE.

Plans Under Way for More Regular
and Consistent Training in Con-
junction With French Troops.

By the Associated Press.

American Training Camp in France, July 19.—The American troops have been here for less than a week—they are not all here by any means—and they have already made themselves thoroughly at home, so much so that this section of France looks like a little bit of America.

The correspondent made an extended visit to the encampments this morning and found the men fit and in good spirits and full of praise for the friendly cooperation of the French people who have willingly and gladly given up many of their own comforts to accommodate the army. The available houses, however, are not sufficient to accommodate all the Americans who have arrived and so the countryside is dotted with newly erected barracks that have sprung up overnight and make even more picturesque this beautiful neighborhood.

Water is abundant here but uncertain as to purity—the troops are adopting filtering methods by means of bags suspended from tripods which astonish the local inhabitants almost as much as the Americans' inexplicable thirst for water which is unknown to wine drinkers, many of whom seldom touch water.

Natives Are Amazed.

A task which the army has taken upon itself is the clearing up of the entire countryside and at the present pace the whole district will soon look like a well ordered garden. Such prisoners as are under arrest for minor infractions of the regulations are employed each morning in making headquarters spotless and are bringing such a degree of orderliness into the place that the original residents are amazed. Likewise they find it difficult to understand why the soldiers take so many baths, for the men make for the nearest stream and dive in as soon as they are at liberty.

The presence of the soldiers here has naturally introduced many novelties, but probably none is more welcome than the daily event concert which attract people from far around, people chiefly who have never heard lively American music and who have been without music since the outbreak of the war.

An attractive feature of the camp is a lion cub which occupies a corner of the camp of a certain regiment. The cub was presented as a mascot by American residents in Paris. He was young and playful and harmless a short time ago, but is growing astonishingly and is a veritable terror of the townspeople and now a source of doubtful amusement to the soldiers, many of whom bear scratches to testify to the nature of his playfulness.

Training Strenuous.

An even more strenuous course of training is in force here than at the original camp near the landing point of the troops. The men work in minimum of eight hours daily; the officers from twelve to sixteen. In addition they take tremendous hikes to get into condition. Here and there one falls by the wayside because of exertion, but the majority are standing the gaff in a way that speaks volumes for the efficiency of the system.

Plans are rapidly developing for regular and constant training in cooperation with the French troops encamped in this district, whose long experience has been placed at the disposal of the new-comers. The French and American headquarters are in the same building and there is constant cooperation between the two forces which will soon be so developed that the Americans not only will have guidance and instruction from French officers, but virtually there will be an experienced trained mentor for each trooper. They will be willing mentors too, for the French are so enthusiastic about the Americans that they even march about with American flags attached to their bayonets.

An amusing, but not altogether happy feature of the inauguration of the training camp was the confusion into which the telegraph office was thrown when it found itself confronted with numerous newspaper dispatches to handle in place of brief messages. The length of the dispatches—even though they were all too brief—completely upset the operators at the beginning and their unfamiliarity with the English language increased the difficulties. The situation, however, is improving every day.

As a tribute to the marching ability of the troops it might be mentioned that the soldiers have lost so many hobnails on the road that about half

Late Change in the Plans of Selection Prevents Full List

In line with The Messenger's policy of supplying news while it is news, and furnishing Marshall the very best paper that is possible, we began some weeks ago arranging to "cover" the Selective Draft story in the most complete manner possible. The Associated Press was instructed to send The Messenger numbers as fast as drawn, and as long as a Harrison County name was left in the hat.

To be ready to get this information on the streets in the shortest time possible, the Messenger force has worked at night this week, and Thursday afternoon and night the Sentinel machine was kept busy, that you might have the news quickly.

But for the change in plans at the last hour, you would have been reading the completed list for Harrison County now, instead of part of the list. We hope, however, to give the completed list in a late edition tonight, just as soon as it is received from Washington.

DRAWING LATE IN GETTING STARTED

Washington, July 20.—The selective drawing started at 9:49 this morning, in the Senate building. It is estimated that from ten to twelve hours will be consumed in the drawing of the ten thousand five hundred numbers.

DELAY DRAWING WHILE MOVING PICTURES MADE

Washington, July 20.—The drawing scheduled to start at 9:49 a.m. was delayed a few minutes while moving picture man and official photographers snapped the stage set for this momentous scene. Secretary Baker and Provost Marshal Crowder made statements and explained the proceedings.

STREWN WITH DEAD—GERMANS REFUSED

By the Associated Press.
Paris, July 23.—The Germans attacked last night on the whole sector of Alsace front, between Croix and Vos Clars, using large bodies of men. The French maintained their positions everywhere, the war office announced. The ground is strewn with German dead.

The Messenger is now prepared to handle RUSSIAN STAFFS on short notice.

A REAL MYSTERY.

A news dispatch breaches mystery and thrills such as have not known since the war began, us to surprise. These men are to be employed in a new plant, manufacturing a new kind of war munitions by a secret process. They must be men of unquestioned Americanism and of a high degree of skill in their line of work. They will receive twice as much pay as they are now getting. They will be furnished with opportunities for various kinds of recreation and entertainment. It sounds easy. But these men must be willing to sign an agreement to remain imprisoned for ten months.

GERMANY READY FOR PEACE

By the Associated Press.
Copenhagen, July 20.—Chancellor Michaelis, addressing the Reichstag yesterday, said that Germany would not continue the war one day longer, if it could obtain an honorable peace. The intervention of America, he said, was not regarded with serious concern. The Reichstag adopted the majority peace resolution by a large majority.

LAST NIGHT'S RAIN IS QUITE GENERAL IT IS NOT TOO LATE TO BE A VOLUNTEER

RAINFALL IS GENERAL IN ALL TERRITORY OF IMMEDIATE VICINITY OF MARSHALL.

Reports From All Directions Show Rain Fell All Night and Amounted To From 1 1/2 to 4 1/2 Inches.

Rainfall is general in all territory in the immediate vicinity of Marshall. Reports from all directions show rain fell all night and amounted to from 1-1/2 to 4-1/2 inches. At last making good its promise, the rain of Thursday night descended in volume that at some points amounted to a torrent and covered all territory in the vicinity of Marshall. Beginning at about eleven o'clock in Marshall, it fell in varying degrees of intensity until nine o'clock Friday. The rain was slow, in the main, but there were several periods of heavy precipitation. The volume of the water falling was so great that all the underground drains in Marshall were partially closed Friday morning. A footbridge on College Street and probably other footbridges were washed away by the rush of water in the ditches. Seven miles west of town there was a tremendous rain amounting to probably three and one-half inches. Three and one-half miles south an all-night rain fell, the heaviest downpour coming in the morning. A ten-hour drizzle ceased at 8:30 in the morning and amounting to about one and one-half inches fell eight miles north of Marshall. Six miles south a four and one-half inch measured rain fell in seven hours ceasing at breakfast time. This rain is very welcome at this time, especially because of its comparative slowness, for while the farmers have enough rain for the immediate present, the previous rains would not have sufficed much longer.

ALL-NIGHT JOB.

Washington, July 20.—Four hours after the drawing started, about 2,000 numbers have been drawn, and the tellers are slowing down in their work. It is estimated that the last number will be drawn about 3 a. m.

HELD FOR HIGHWAY ROBBERY.

By the Associated Press.
Vernon, Texas, July 20.—Cecil F. Lewis and Harry Standish, of Vernon, were taken into custody today, charged with highway robbery by fire arms. Luther McGuire of Grandfield, Okla., was held up and robbed by two men last night. He claims to have identified Lewis and Standish.

RUSSIAN REGIMENT PLUNKS.

A Russian statement says that the six hundred and seventy Mlynov regiment, situated between Batkov and Manajoy, voluntarily retired before the attacking Germans, and as a result the neighboring units had also to retire.

QUIET AT PETROGRAD.

By the Associated Press.
Washington, July 20.—Complete quiet has been restored in Petrograd, and plans made for the complete reconstruction of the cabinet, is the official report received here, on a basis of party representation before the crisis, is under way. An official statement says that at Jacobstadt, Dvinsk and Enormog, along the Stokod river and from the Zivohalla to south of the Dniester river, the artillery fire has increased in intensity.

ALL QUIET AT MISSION.

By the Associated Press.
Mission, Texas, July 20.—The situation at Ojo-de-Aguila is quiet today. No further firing across the river last night. The American reinforcements have returned to their home stations at Allen and Mission. The Mexicans who retired across the border are still unidentified. There were no casualties.

RUSSIANS BAULK.

By the Associated Press.
Petrograd, July 20.—The Russian failure to hold the Germans in Eastern Galicia is due to the fact that some regiments were meeting to discuss whether or not they would obey orders, and one regiment, at extremists, refused to obey, and hence the repulse. The Russians suffered heavily.

The Best Light

There is only one BEST light—the one that does not give smoke or soot; does not vitiate the air; does not require matches to light; cannot explode; gives off no odor; can be handled by the children; gives off no heat; will not—but what's the use? There is only one light that has all these virtues—and none of these faults—The Electric Light is the BEST Light.

INJURED MARINES ARE SENT TO SANITARIUM

Fighters Are Not Seriously Hurt—Stonebreaker's Body Shipped to Wyoming.

The troop train, having 500 United States marines on board, which was wrecked at Shamrock, 70 miles west of Alexandria, on the Texas & Pacific railroad, Wednesday afternoon, arrived in Alexandria at 2 o'clock Thursday morning and was met there by several Pullman cars, which had been sent from New Orleans to supply the place of the wrecked cars. Four cars of the train turned over, said to have been caused by spreading rails. Private William Stonebreaker was killed, having been pinned under the wreckage. His body was taken off at Alexandria and prepared for burial by a local undertaking establishment. It was shipped Thursday afternoon to the dead man's home, Cumberland, Wyo., for interment.

Two of the injured, Frank Westphal of Waterville, Cal., and George E. Jensen of Holyoke, Minn., were taken off the train at Alexandria and conveyed to the local sanitarium, where they are receiving medical attention. They are said to have been badly bruised about the body, but are not internally injured, and it is believed that they will recover.

Eight others, who were slightly injured, were placed on a hospital car and taken to New Orleans.

The cars which were derailed were about midway the train and the rear cars had to be derailed around by way of the Nightingale branch. The train only remained in Alexandria long enough to transfer the troops from the chair cars, which had been sent from Marshall to supply the places of the wrecked cars, to the Pullmans, which were sent to New Orleans.

MEXICAN REPORT IS NOT LIKE AMERICAN

By the Associated Press.
Brownsville, July 20.—The Mexican report claims that Mexican civilians were fired upon early yesterday morning, from the American side, and returned the fire. It says that about one hundred shots were exchanged. The Mexican version officially reported to Col. Merand Saye, commander of the American forces in the Brownsville district. Col. Saye's report to Fort Sam Houston, says the Mexicans fired the first shots, but that no Americans were hurt.

ENAMELED HIGHWAY SIGNS FOR JEFFERSON TOURISTS.

Secretary J. J. Lane has on hand a considerable number of Jefferson highway signs, enameled in white and yellow, which will be placed at intervals of two miles on the national highway, for the guidance of tourists. Four state highways now pass through Marshall and the steady stream of tourists will do much to advertise Marshall and benefit it in other material ways.

TEXAS SUFFRAGETTES WILL AID SOLDIERS

Texas Women to Take Personal Interest in Relatives of Other Suffragists.

By the Associated Press.
Galveston, July 20.—Texas Suffragists are going to endeavor to look after the sons and brothers of Suffragists stationed in Texas. State President Minnie Fisher Cunningham, has sent an appeal to all local organizations, notifying them of the appointment of "Suffrage Soldier" committees, to see that soldier boys are welcomed as guests in their homes, and that they have "a mothering."

The appeal asks all Suffragists to send the names of sons and brothers who are called to the colors, together with the number of their companies, and whether married or single.

MISSIONARY SOCIETY METHODIST CHURCH

FIFTY-FOUR VISITS TO SICK AND SHUT-IN HAVE BEEN MADE DURING PAST MONTH.

Committee Sends Petition to Legislators at Capital Asking Them to Vote Straight on Pro Ticket.

The last two meetings of the social service department of the Missionary Society of the First Methodist Church have been especially interesting.

At the first one Mrs. Stewart gave a beautiful history of the teachings of Christ.

Fifty-four visits to sick and shut-in were made during the month.

The committee on negro work reported that thirty books and a number of magazines had been given to the Central High School Library.

The committee on law reported that a petition had been sent to the legislators at Washington asking them to vote a straight prohibition ticket, as a war measure, and further reported that letters had been received from Mr. Dies and Mr. Shepard, promising to give this matter their careful attention.

The subject of the lesson for this day was social service regarding childhood. Mrs. W. T. Spencer conducted a questionnaire on the state laws regarding women and children. Mrs. P. G. Whaley read a paper on social service and childhood. (An interesting leaflet was read by several members on "The Right to be Well Born," and "The Right to Live After Being Born," "The Child's Mother and Institutional Rights," "The Right to Training for Life's Tasks and Opportunity to Take Advantage of this Right," and "The Right to be Regarded as a Delinquent and Not as an Adult Criminal.")

As a result of the reading of this leaflet a committee was appointed to find out whether or not the proper precautions were being taken in caring for the newly-born children. It was found that there is no state law regarding this matter, but physicians as a rule were taking such precautions as they found necessary.

The lesson for the second day was on stewardship, and an appropriate scripture was read. A talk by Miss Lane was given, recommending that we adopt the 1917 slogan of the Missionary Council—a ten per cent increase in membership and collections.

A committee with Mrs. Spencer as chairman assisted by Mesdames Webb, Tally and Wooden, was appointed to purchase a large flag to drape across the church organ, and to buy a scroll to contain the names of all the boys who have gone from the first church to the front, to be hung in a prominent place in the church.

This is one of many of the plans adopted by the council, other plans will be taken up later. REPORTER.

THE STATE OF TEXAS, To the Sheriff or Any Constable of Harrison County—GREETING:

You are hereby commanded to cause to be published for ten days, exclusive of this day and the return day hereof in some newspaper published in Harrison County, Texas, having a general circulation, the following citation:

THE STATE OF TEXAS, To All Persons Interested in the Estate of GEORGE W. WASHINGTON, Deceased.

Know Ye That V. T. Caven has filed in the County Court of Harrison County, Texas, an application for letters of administration upon the Estate of George W. Washington, deceased.

Now Therefore These are to notify you and each of you who are interested in said estate to be and personally appear at the next regular term of the Honorable County Court to be held at the Court House of Harrison County, Texas, in the City of Marshall on the first Monday in September, 1917, the same being the 3rd day of September, 1917, then and there to contest said application should you desire to do so.

Merely Fail Not. But of this writ make due return showing how you have executed the same.

Witness my hand and official seal this 11th day of July, A. D. 1917. H. P. WATSON, County Clerk of Harrison County, Texas. D 12-34c.

The Cause of Constipation.

Constipation is usually due to a lack of water in the system. To effect a cure you must take more water into the system. It may be months, however, before this has any appreciable effect on the bowels, but when persisted in and fruit and vegetables containing water are eaten freely, the condition may be overcome. In the meantime use the mild laxatives obtainable and take only enough to produce the desired effect. Chamberlain's Tablets are one of the best. They are easy to take and most agreeable in effect.

Cramps of the Stomach and Bowels. "I have a high opinion of Chamberlain's Colic and Diarrhoea Remedy," writes Joseph Krieger, Philo, Ohio. "It will cure cramps of the stomach and bowels quicker than anything I know of."

SPECIAL SESSION OF LEGISLATURE SOON

Call Expected to Be Issued Within the Next Ten Days or Two Weeks.

Austin, July 20.—It became known here today that the legislature will be called in extra session within the next ten days or two weeks. It was not intimated for what purpose the call would be made.

Speaker Fisher has been urged for several weeks to call a special session to deal with the University question. Governor Ferguson some time ago said he would not call another extra session.

N. Y. TARDINESS CAUSES CONFUSION IN NUMBERS

By the Associated Press. New York, July 20.—Although New York City officials reported as ready for the selective draft drawing, there is much confusion at a number of exemption boards, where hundreds of men were found who could not get their serial numbers, because the typewritten lists required by the government were not ready. Many men will have to wait until tomorrow before they can get their serial number to learn if drafted.

MERCHANTS ADOPT RULES FOR ECONOMY

FURTHER RESOLUTIONS IN SUPPORT OF "CARRY YOUR OWN PACKAGES."

Marshall Merchants Co-Operating with Commercial Economy Board—Display Signs in Stores.

Further resolutions in favor of the reform business methods adopted by the National Dry Goods Company, at their meeting in Washington, July 11, outline the plan to be followed by the retail merchants of the country, and which is receiving the full support of Marshall merchants. The resolutions follow:

Resolution V. Upon motion it was voted that: It is the sense of this meeting that the quickest and most effective way of bringing about the reforms in retail business practice, demanded by the United States government, is through the medium of an enlightened and aroused public sentiment in favor of said reforms. Therefore, be it

Resolved, That we ask the commercial economy board, working with the permanent committee appointed by the president of the National Retail Dry Goods Association, and to be designated as the war advisory committee of the National Retail Dry Goods Association, to devise immediately a method of pledging every retail merchant in the United States to embody in his advertising identical copy to be supplied by the said committee working in co-operation with the commercial economy board, said copy to cover the following points:

First—When shopping, do not leave the store empty-handed. Carry parcels with you to the extent of your ability. Help to make this "the fashion."

Second—When you have goods to be returned, do not leave home empty-handed. If all customers would carry small parcels for exchange, the saving of time in delivery departments would amount to thousands of hours annually.

Third—Do not buy merchandise until you are sure you are going to keep it. Make careful selection a habit.

Fourth—Avoid C. O. D. purchases whenever possible.

Fifth—Shop early in the day, if possible. Stores must have a sufficient number of salespeople all day long to handle the trade at the very busiest hour, which, due to the habits of customers, is near the middle of the day. To help us distribute the business more evenly would result in great economy—to us, and eventually to you.

Resolution VI. It was voted that a committee be appointed by President Rike to act as a permanent committee to co-operate with the commercial economy board, this committee to be known as the war advisory committee of the National Retail Dry Goods Association. President Rike thereupon appointed the following as members of this committee: Victor W. Sincero of the Bailey Company, Cleveland, chairman; M. S. Wilkinson of Scruggs, Vandervoort & Barney Company, St. Louis, Mo.; Percy R. Straus, R. H. Macy Company, New York City; S. J. Schwartz, the Maison-Blanche, New Orleans; Oscar Webber, the J. L. Hudson Company, Detroit; and E. L. Howe to act as secretary.

Resolution VII. Upon motion of Mr. Halle, it was voted that the executive officers make every effort to get all organizations in the United States to affiliate with or co-operate with the National Retail Dry Goods Association in this movement.

Resolution VIII. Upon motion of Mr. Paxson of Atlanta, Ga., a vote of thanks was tendered to Mr. A. W. Shaw, chairman of the commercial economy board, for his advice and assistance to the committee.

ASSESSMENTS INCREASE.

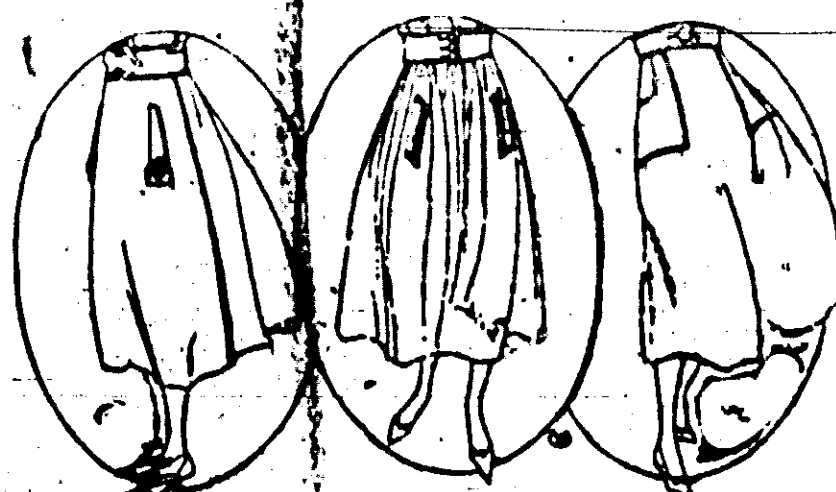

The assessments of city property, according to City Secretary H. S. Rice are \$5,743,351 for 1917 as against \$5,458,767 for 1916, or an increase of \$284,584.

John L. Sullivan on Overeating. John L. Sullivan, the ex-pugilist, says that more people die from overeating than from drink. One of the most prominent physicians in England says that it is also the case over there. No wonder that so many people are troubled with indigestion. If you have trouble with your stomach adopt a diet suited to your age and occupation. Then you should have indigestion taken Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally.

Chamberlain's Colic and Diarrhoea Remedy. Mrs. Charles Palmer, Andrews, Ind., says: "Chamberlain's Colic and Diarrhoea Remedy has never failed to give me prompt relief. From my own experience and that of my friends and neighbors, I know it will do all that is claimed for it."
